

Research Grant Application

\$1,000 annual award | Open to eligible medical or health-sciences students

Submit one completed application by August 15. The proposed project must advance knowledge or understanding of prostate-cancer screening, treatment, prevention, or related patient outcomes.

1. Applicant Information

Full legal name

Email

Phone

Mailing address

School/institution

Program and year

☐ I am currently enrolled and in good standing.

2. Faculty Mentor / Research Supervisor

Name and title

Institution

Email

Phone

☐ My faculty mentor/supervisor is aware of this application and may be contacted.

3. Proposed Research Project

Project title

Project dates

Institutional approval status (if applicable)

Brief project summary (purpose, methods, and expected outcome; approximately 150 words)

How will this work advance prostate-cancer knowledge, screening, treatment, prevention, or support?

Research Grant Application

4. Grant Request and Budget

Amount requested (up to \$1,000)

Other project funding, if any

List the specific expenses this grant would pay (item and estimated amount)

Payment information

If selected, the Foundation will confirm the appropriate payee and payment method with the recipient and institution.

5. Applicant Certifications

- ☐ The information in this application is accurate and complete.
- ☐ Grant funds will be used only for the approved prostate-cancer research project and budget.
- ☐ I will return any grant funds not used for the approved project.
- ☐ I will keep appropriate records and provide them to the Foundation upon reasonable request.
- ☐ I will provide brief quarterly activity and use-of-funds reports if requested, plus a final summary describing project activities, use of funds, performance, outcomes, and research findings.
- ☐ No grant funds will be used for lobbying, political campaigns, or other political activity.
- ☐ I will obtain all institutional, ethical, privacy, and regulatory approvals required for the project.

Applicant signature (type full name)

Date

6. Submission

Submit this application and any requested supporting documents by August 15 to:

Foundation email **TheLambertpcf@gmail.com**

Applications are reviewed based on mission alignment, feasibility, potential impact, applicant qualifications, faculty oversight, and the reasonableness of the proposed budget. Awards are subject to available funding and Board approval.

Foundation use only
